## Skills and Research Interest

- Pedagogy and adaptation
- Team spirit and collaboration
- Project Management
- **Languages:** French & English
- Research Protocols
- Communication
- Data Analysis
- **Programming:** MatLab, Python, Fortran
- Biomedical signal processing
- Meta-heuristics & optimization
- Machine learning
- Applied Artificial Intelligence
- Renewable Energy

## Education

JAN 2021 – DEC 2024

### PhD, Computer Science / University of NGaoundere

Thesis in **E**lectronics, **A**utomatics, and Computer Science, under the theme «Optimization of deep learning-based arrhythmias detection systems »

JAN 2018 - FEB 2020

### Master of Science, EEA / University of NGaoundere

Master of Science in **E**lectronics, **E**lectrical engineering, and **A**utomatics with 3.54/4 GPA.

**Thesis:** ECG signal denoising using adaptive filter.

## Experience

OCT 2025 -

### Lecturer / ICT university

Give lecture in :

- Artificial Intelligence, Data Science, Data Wrangling & Processing, programming in python, Mobile Application development, research methodology, Quantitative & Qualitative Analysis...

Research/Supervision AI related project.

OCT 2022 - 2024

### Teaching & Research Assistant/ The University of Ngaoundere

- Lead tutorials on: Signal processing, Basic electronics, Programming languages, Code debugging. Assist and supervise graduate student in the laboratory.
- Development of algorithms for biomedical signal analysis.
- Software for ECG signal quality assessment (ecgScorer)
- Research on AI models applied for telemedicine.

OCT 2021 - PRESENT

### Graduate student Mentor/ freelance

Software practice courses in MS Word, PowerPoint, Excel, Python, and MatLab.

Assist graduate student in their research (orientation, code debugging, experimentations, thesis redaction tips...) face to face or online via WhatsApp and JitsiMeet.

## Prize & Grants

### Prizes for Academic Excellence (2023, 2022, 2021)

Grant awarded by the HEAD OF STATE to the top students of each University

### Grant in Aid of Research, Sigma-Xi (2023)

Financial assistance for a research project, awarded by "Sigma Xi, The Scientific Research Honor Society", USA
